

Star Physio Clinic
PHYSIO AT YOUR CARE

Job Role: Physiotherapist

Job Summary:

Our dynamic healthcare team is in search of a motivated and efficient physiotherapist to join. In order to assist patients in restoring function, lessening pain, and avoiding disabilities, you will be in charge of evaluating, diagnosing, and treating a variety of physical ailments in this role. The ideal applicant will be highly committed to delivering care that is patient-focused, possess a thorough understanding of physiotherapy procedures, and have outstanding communication skills. We encourage you to apply if you enjoy working in a team atmosphere and are driven to improve the lives of patients.

Key Responsibilities:

Patient Assessment and Treatment:

- Perform thorough evaluations to identify medical issues.
- Create and carry out personalised treatment programmes.
- Apply several physiotherapies approaches to prevent impairments, relieve pain, and restore function.
- Track the progress of your patients and modify your therapies as needed.

Patient Experience:

- Deliver empathetic and patient-focused medical attention.
- Explain treatment options and anticipated results to patients and their families.
- Promote a comforting and encouraging atmosphere to increase patient trust and satisfaction.

Collaboration:

- To guarantee coordinated and efficient patient treatment, collaborate closely with other medical specialists.
- Take part in multidisciplinary team meetings to talk about treatment plans and patient progress.
- Effectively communicate with other medical staff members and referral doctors.

Clinical Operations:

- Ensure that all patient records and paperwork are correct and current.
- Verify adherence to all pertinent norms and regulations in the healthcare industry.
- Manage clinical resources in an effective and efficient manner.

Professional Development:

- Remain up to date on the latest methods and practices in physical therapy.

Star Physio Clinic
PHYSIO AT YOUR CARE

- Participate in professional workshops and continuing education classes.
- Take part in routine performance evaluations and look for areas where you can develop and get better.

Business Development:

- Through patient referrals and community outreach, support the expansion of the physiotherapy department.
- Support the creation of marketing plans to advertise physiotherapy services.
- Take part in events that improve the clinic's reputation and visibility.

Pay: GBP 26,500 to GBP 30,500 per year, negotiable depending on the candidate's experience and skill set.

Essential Qualifications:

- A minimum of six months of experience in the UK healthcare system
- CSP registration and HCPC pin available; prepared to relocate if needed

Benefits:

- Salary and benefits package that are competitive.
- Possibilities for career progression and professional development.
- An encouraging and cooperative work atmosphere.
- The opportunity to significantly improve patients' lives.

We cordially encourage you to apply for the post of physiotherapist if you have the aptitude to assist the efficient running of our clinic and are passionate about offering great patient care.
